

This is your final fortune.

It tells you the answer for everything and
what the internet is all about.

Someone once said that the answer to everything is 42.
They've made a miscalculation.

Actually, it is

37

That's what the internet is all about.*

*this is not the end**
but it's the moment to get yourself a drink*
***if you would find the recipe somewhere, right?
